SAIC Study Abroad Mobility Program within AICAD

As a member of the Association of Independent Colleges of Art and Design (AICAD), SAIC participates in the AICAD Exchange Program. This program gives students the opportunity to maintain enrollment at SAIC while studying at any number of AICAD schools located mostly throughout the United States and Canada. Participation is limited to one semester only and not all AICAD member schools accept exchange students. For more information on individual AICAD schools, visit aicad.org.

Note: AICAD Mobility Program is temporarily suspended for 2023/2024 Academic year
