International Student Services advises on issues ranging from immigration regulations to resources available for achieving academic, financial, and personal goals.

International Student orientations are held in coordination with Student Life before fall, spring, and summer terms to address the specific needs of international students, where you can:

- Learn about SAIC and Chicago
- Attend workshops and social events
- Meet faculty, staff and students

We offer workshops and programming throughout the year to educate international students on their immigration responsibilities and provide opportunities to enhance their experience at SAIC.

If you do not hold a U.S. citizenship, permanent residency, green card or other non-immigrant status with authorization to study in the U.S., you will need to apply for an F-1 student visa. To apply for an F-1 student visa, you will need to complete the Form I-20 request. Navigate through each section to complete the request and remember to click submit at the end.
