

Hello,

My name is Io Anderson, I'll be one of the three senior resident advisors in the 162 N State st residence hall for the 2023-24 academic year! I have been a part of the fashion design department here at SAIC for the past three years focusing on tailoring, corsetry, and lingerie. I also enjoy keeping up with galleries and art openings around the city. I am from Cambridge Massachusetts right across the river from Boston. Think of me as one of your go to people for pretty much anything here in the residence halls. Here to support you in setting and achieving your academic as well as personal goals! I hope all of you will have a great time in the residence halls getting to know new people and starting a new school year!
