pro-tip reach out to the DLRC over the summer if you need accommodations!

this is home: Seal Beach, CA

As your RA,

I'm here to answer personal and academic questions. I know this transition can be intense (and alienating at times), so I invite you to reach out to me if you need support. Even if your questions are beyond my scope, I can be an index to the resources SAIC provides (there are sooo many). Through gatherings like one-on-one meetings and dorm events, I hope to be a proactive part of your community.

Also, before classes begin, explore Chicago outside of the Loop! There are so many small music venues, lush parks, and cute cafes away from the Loop's bustle. Summer in Chicago is something special :)

feel free to reach out via e-mail or insta: @jisellerami jramir@artic.edu
enjoy yourselves this summer and I'll see you soon!
