

Hello Residents!!

My name is Megan, and I will be your RA for this '23-'24 School year in Jones Hall. I am beyond excited to meet and learn about you all !! As an RA, I am here to make sure you feel happy, comfortable, guided, and to help you adjust here at your new home. I will host floor meetings, fun programs, and "onesies" to check in throughout the year, and help provide any guidance you may need for your artistic practice, getting around SAIC, or even things to do here in Chicago!

Please reach out to me if you have any questions or just wanna say hey!

About your RA!:

This is my third year here at SAIC, and my first year as RA! Super excited to be here with you. I am from Alabama, and I am in the Art Education program to become a teacher. I work with many mediums such as Painting, drawing, ceramics, sculpture, stained glass, printmaking, photography and more! I love working with color and light within my work across all mediums. I love trying new things, and open to many hobbies!
