

Hello!

My name is Sharada Venkateswaran and I will be your RA for the 2023-2024 school year! This is my third year at SAIC, and my first year as an RA. I am excited to meet all of you and get to know each other!

I am from Maple Grove MN, and came to SAIC to focus on animation. I am active in the FVNMA department, but I also enjoy spending time in other departments as well! I am really interested in multimedia animation and experimental methods. I am involved in Rock Climbing club, and a founding member of SEED club and the Trans Artist Coalition. I would love to talk with anyone who is interested in getting involved on campus!

Apart from school, I love spending time with friends and playing games! Right now I am playing Hades, and I have been playing Tears of the Kingdom over the summer. I would love any and all media recommendations from yall! I love indoor gardening and baking, please share your recipes with me!

I'm looking forward to getting to know all of you this upcoming school year, please reach out if you have any questions, or even just to say hi!

Best,
Sharada Venkateswaran
