

I'm Taylor, a third year at SAIC and resident advisor at Jones Hall. My focus is in illustration and printmaking, although I also dabble in comics, painting, and a few of the other disciplines taught here. If you have any questions about classes/professors, or anything else related to these mediums, feel free to reach out!

As an RA, I'm here to answer any questions you may have about life on campus, as well as to assist in solving problems you may encounter. Throughout the year I will reach out to you through individual and floor meetings, although I am available to answer questions or chat at any time!

I can't wait to meet you!
